# Fill in the gaps

## Son For Her by Spice Girls Gem

Kids are laughing, (1)_____ 4 in the morning
Can't help smiling, can't help yawning
Ladder in my tights (2)_____ I think I'll be climbing forever
My head's in the days but the caffeine is fixing
Chasing the clock but I can't stop it ticking
Nobody (3)_____ but I'm barely (4)_____ keeping it together
[Pre-Chorus ]
I'm spinning, I'm dropping, I'm brushing, I'm dressing
My nights they are all in today
[Chorus]
This is a song for her
You know you light it up
'Cause you know who you are
Stand up, stand up
She's got that boom boom pop
That's something they can't stop
She's got that oh-oh-oh-oh-oh
Song for her
Life is a river, wherever it's flowing
Jump on a bus, who knows where it's going
Stayed out all night, careless and carefree together
Where is that girl? Is she long gone or missing?
Can't bring her back (can't bring her) just reminiscing
There in the mirror, she's shouting "I've been here forever"
[Pre-Chorus ]
I'm burning, I'm slipping, I'm pushing, (5)_____ yelling
But I still got something to say
[Chorus]
This is a song for her
You know you light it up
'Cause you know who you are
Stand up, stand up
She's got that boom boom pop
That's something they can't stop
She's got that oh-oh-oh-oh-oh, oh-oh-oh-oh
She's got that oh-oh-oh-oh-oh
Song for her
Wipe off your tears of doubt you've been crying
Lift up your dreams and feel like you're flying
Never forget, the (6)_____ is the woman you are
(This is a song for her, song for her)
(This is a song for her, song for her)
[Chorus]
This is a song for her
You know you light it up
'Cause you know who you are
Stand up, stand up
She's got that boom boom pop
That's (7)_____ they (8)_____ stop
She's got that oh-oh-oh-oh-oh, oh-oh-oh-oh
She's got that oh-oh-oh-oh-oh
Song for her
This is a song for her
You know you light it up
'Cause you know who you are
Stand up, stand up
She's got that (9)_____ boom pop
That's something they can't stop
She's got that oh-oh-oh-oh-oh, oh-oh-oh-oh
She's got that oh-oh-oh-oh-oh
Song for her

# Fill in the gaps
