Fill in the gaps

Even In The Quietest Moments by Supertramp

Even in the quietest moments	But still the tears keep falling
I wish I (1) (2) I had to do	They're (12) from the sky
And even (3) the sun is shining	Well there's a lot of me got to go under before I get high
Well I (4) the rain here it comes again, dear	Don't you let the sun disappear
And even when you showed me	Don't you let the sun disappear
My (5) was out of tune	Don't you let the sun be leaving
For there's a (6) of doubt that's not letting me	No, you can't be (13) my life
find you too soon	Say (14) you won't be (15) m
The music that you gave me	life
The language of my soul	Say that you won't be leaving my life
Oh Lord, I want to be (7) you.	Say won't you please, (16) won't you please
Won't you let me come in from the cold?	Say won't you please, (17) won't you please
Don't you let the sun (8) away	Lord, won't you (18) and get into my life
Don't you let the sun fade away	Lord, won't you come and get into my life
Don't you let the sun be leaving	Say won't you please, (19) won't you please
Won't you come to me soon	Say won't you please, stay won't you please
And even though the stars are listening	Lord, don't go
And the ocean's deep, I (9) go to sleep	And even when the (20) is over
And then I (10) a silent movie	Where have I been was it just a dream?
You become the star, is that what you are, dear?	And though your door is (21) open
Your (11) tells a secret	Where do I (22) may I (23)
Your laughter brings me joy	(24) in, dear?
And a wonder of feeling I'm Nature's own little boy
