And a wonder of feeling I'm Nature's own little boy

Fill in the gaps

Even In The Quietest Moments by Supertramp

Even in the quietest moments	But still the (7) keep falling
I wish I (1) what I had to do	They're raining from the sky
And even though the sun is shining	Well there's a lot of me got to go under before I get high
Well I feel the rain here it comes again, dear	Don't you let the sun disappear
And even when you showed me	Don't you let the sun disappear
My heart was out of tune	Don't you let the sun be leaving
For there's a shadow of doubt that's not letting me find you too	No, you can't be leaving my life
soon	Say that you won't be leaving my life
The (2) you gave me	Say that you won't be leaving my life
The language of my soul	Say won't you please, (8) won't you please
Oh Lord, I (4) to be with you.	Say won't you please, stay won't you please
Won't you let me (5) in from the cold?	Lord, won't you come and get into my life
Don't you let the sun fade away	Lord, won't you come and get into my life
Don't you let the sun fade away	Say won't you please, stay won't you please
Don't you let the sun be leaving	Say won't you please, stay won't you please
Won't you come to me soon	Lord, don't go
And even though the stars are listening	And even when the song is over
And the ocean's deep, I just go to sleep	Where have I been was it just a dream?
And then I create a silent movie	And though your door is always open
You become the star, is (6) what you are, dear?	Where do I (9) may I please come in, dear?
Your whisper tells a secret	
Your laughter brings me joy
